SOME SNAIPES.—The snipe hunters found a few birds last week. Some ducks were reported, but the law is said to prohibit their killing after April.

REPLANT YOUR POTATOES.—Potatoes are so plentiful and so cheap that it is safer to replant than to risk those bitten by frost growing out all right.

SHARPING AND STRENGTHING.—Jailor Duff is leveling and adding the back yard of the Court-house with a flower bed in each division. Vimont street will soon shine.

REHOUSE TIME.—The rehouse suckers usually come on the Lexington river riffles when the local trees are in bloom, but the real house are nearly a played-out institution. Nobody ever thought it would be so when they were cutting and piling them up like

and forty years ago.

C. W. B. M.—Mrs. Alex. Conner was re-elected last week at Winchester as manager of the Christian Women's Board of Missions for the Eighth district, composed of the counties of Bath, Bourbon, Clark, Harrison, Montgomery and Nicholas.

Mrs. B. M. Goodpastor made a response to the address of welcome for Bath county.

Mrs. W. E. Richards made the report for the Young People's Work, and was re-elected District Superintendent for that department.

Mrs. Jonett Byron made the report for the Owingsville Auxiliary.

Mrs. Sallie Scott, of Bethel, was elected manager for Bath county.

JACK PATER'S DEFEAT.—Sunday morning's frost made nearly a clean sweep of the tree fruit and grapes, and also destroyed "cato tops" and "bea" where the latter were well covered up.

The rhubarb was well below freezing. The previous frost had got from one-third to one-half of the apples, peaches, pears, plums and cherries, and by appearances now there will be only scattering ones of each kind. Potatoes and corn look like they had been dipped in boiling water. Much of the tender foliage on trees and shrubbery is also killed.

It is likely that tobacco plants in the low grounds and also alfalfa is killed.

THAT 40 PER CENT. BEARS.—Judge A. N. Crooks and J. L. Lutz appeared before the State Board of Equalization April 25th, in regard to the 40 per cent. raise of Bath's assessment, taking with them the transfers for the past year.

The Board said they would notify Judge Crooks what they had done not before May 1st.

If the Board continued to do Bath county as it has in the past, the assessment for next year will be doubled.

COLEMAN.—A good-sized crowd attended the High School declamation contest Friday night. Willie Lacy won first prize of \$5 in gold, and Banks Thompson second prize of \$2.50. They will represent the school at the Blue Grass Tournament at Carlisle in June.

INTERESTING OLD PICTURE.—We are indebted to A. W. Hascom for an old-time photo of Editor George D. Foster and his staff writers of the old Louisville Journal. The picture of Wm. A. Vasscher, who was President's amanuensis, is in the group. It was taken before the consolidation of the Courier and the Journal.

FOR CONGRESS.—The announcement of Will J. Fields, of Carter county, as a Democratic candidate for Congress appears in this issue of THE OUTLOOK. Ex-Senator W. B. Whitliff, of McGee, in last week's issue, had an article in support of Mr. Fields' candidacy.

LIFE OF "MARK TWAIN," THE GREAT AMERICAN HUMORIST

Early Struggles and Adventures, Followed by Years of Successful Literary Work—Later Days Saddened by Deaths and Financial Reverses.

Samuel Langhorne Clemens, American humorist, novelist, and journalist, known to the world as Mark Twain, was born on November 30, 1834, in Florida, Mo. He was the son of John and Jane Clemens. He was educated in the common schools of his native state. He began his literary career as a printer's apprentice in Hannibal, Mo., and later as a journalist in St. Louis. He is best known for his novels, "Tom Sawyer" and "Huckleberry Finn," and his travel books, "Life on the Mississippi" and "A Tramp Abroad."

His financial ability, however, was not of the best, and in 1894 his tire fortune was swept away by the failure of the publishing house. Mr. Clemens was abroad at the time, and 60 years of age, he started out on a tour of the globe, delivering lectures and writing articles in order to pay the debts of the defunct firm. He had scarcely begun his arduous task when fate struck him another blow. This was the death of his eldest and most accomplished daughter, Miss Olivia S. Clemens, who died in August, 1896, at the age of 34. From that time on, he continued his great task and in two years he had paid off his debts.

With Passes Away. As if in sympathy with her husband's misfortune, his wife's health began to fail. He moved to Florida, in the hope that the mild climate would restore her, but it proved of no avail, and on November 6, 1909, she died at that far off land.

About this time the humorist met a similar fate. He had been suffering from a long illness, and on April 21, 1910, he died at his home in Red Bank, Md. He was 75 years of age. His death was a great loss to the literary world.

His death was a great loss to the literary world. He was a man of great talent and great heart. He was a man who had lived a life of great adventure and great struggle. He was a man who had died a man of great honor and great respect.

They are the duties of a man who is a part of a world. They are the duties of a man who is a part of a universe. They are the duties of a man who is a part of a God."
